EDUARDO LUIS DE LA CRUZ

Software Engineering Student | Full-Stack & Mobile Developer

Santo Domingo, Dominican Republic | +1-849-519-1571 | eduardodelacruzg5@gmail.com
LinkedIn: eduardo-de-la-cruz | GitHub: github.com/eduardolluis

PROFESSIONAL SUMMARY

Software Engineering student at INTEC and full-stack developer who builds and ships web and mobile products. Delivered a bilingual management platform for client workflows and developed Miga, a Flutter meal planner submitted for iOS App Store review. Focused on UX, authentication, databases and release engineering.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, Dart, C#, C++
Frontend & Mobile: React, Next.js, Flutter, Riverpod, HTML, CSS
Backend: FastAPI, Node.js, Express, REST APIs, Socket.IO
Data & Cloud: PostgreSQL, MySQL, MongoDB, Firebase, Supabase
Tools: Git, GitHub Actions, Docker, Linux, Codemagic, RevenueCat | English: C1; Spanish: Native

EXPERIENCE

Freelance Full-Stack Developer | GIO Workspace Aug - Sep 2026

- Built a bilingual management system for appointments, patients, staff, payments, inventory and reports.
- Implemented role-based access, Supabase authentication, migrations and automated GitHub checks.
- Owned discovery, UI, data modeling, implementation and delivery to healthcare/aesthetics clients.

SELECTED PROJECTS

Miga - Meal Planner | Flutter, Dart, Supabase, RevenueCat, Codemagic

- Developed a budget-focused mobile meal planner with recipes, weekly plans and shopping lists.
- Integrated Google/Apple/email-code sign-in, Pro billing and iOS TestFlight/App Store release workflow.

Melodix | Flutter, Dart, FastAPI, PostgreSQL

- Built a music streaming platform with playback, playlists, discovery, artist profiles and JWT auth.

Discord Clone | Next.js, TypeScript, Prisma, Socket.IO, LiveKit

- Built real-time servers, channels, messaging, file uploads, permissions and voice/video rooms.

WhatzApp | Flutter, Firebase, Socket.IO, LiveKit, Agora

- Implemented multi-platform chat, media, authentication, voice/video calls and live location.

EDUCATION

B.Sc. Software Engineering | INTEC - Instituto Tecnologico de Santo Domingo
Aug 2025 - Expected 2029
